

# Commonwealth Corps

In 2008, the Massachusetts Service Alliance was appointed by the Governor's Office of Civic Engagement to administer the Commonwealth Corps Program. The Corps is a diverse group of residents from all walks of life – standing up to answer our call to service. Over the course of their service year, Corps members filled a host of unmet needs – mentoring in communities; tutoring in schools; delivering critical health information; and spearheading neighborhood revitalization efforts.

#### Corps members:

- ❖ Serve up to twelve months in full-time, part-time or flex-time capacities
- ❖ Serve non-profits and public entities
- ❖ Reflect a rich diversity – current members are 18-85 years old
- ❖ Have a desire to put their talents and ideas to use in the service of their communities and the Commonwealth

#### 2010-2011 MSA Funded Commonwealth Corps Programs:

- Action for Boston Community Development
- Boys and Girls Clubs of Middlesex County
