THE MASSACHUSETTS SERVICE ALLIANCE

The Massachusetts Service Alliance (MSA) expands volunteerism and service in Massachusetts by providing individuals and organizations with funding, training, and support, which enables them to strengthen communities and make our Commonwealth a better place to live. We are a dedicated partner of Massachusetts community-based organizations of all scopes and sizes, providing tailored resources and support for them to better leverage volunteers and service members to meet their mission. Through our direct support, organizations strengthen their capacity and are better positioned to expand their impact in Massachusetts communities; serving more and doing more. For over 25 years we have had a proven track record of bringing volunteerism and service resources to organizations from Pittsfield to New Bedford and Springfield to Lowell.

AMERICORPS IN MASSACHUSETTS

AmeriCorps is a federal program overseen by the Corporation for National and Community Service (CNCS/the Corporation). For twenty-five years AmeriCorps has mobilized a new generation of engaged citizens. This year more than 2,800 individuals of all ages and backgrounds will serve through an AmeriCorps program in the Commonwealth. They will help hundreds of community nonprofit organizations, faith-based groups, schools, and local agencies meet local needs in education, the environment, public safety, disaster preparedness, and other critical areas.

AmeriCorps grants are awarded to eligible organizations to recruit, train, and manage AmeriCorps members who address unmet community needs. Members are individuals who engage in community service and may receive a living allowance during their term of service. Upon successful completion of their service, members receive a Segal AmeriCorps Education Award from the National Service Trust.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

FOCUS AREAS

CNCS seeks to prioritize the investment of national service resources in the following areas:

**Economic Opportunity**
Unmet needs relating to economic opportunity for economically disadvantaged individuals within communities including financial literacy, housing assistance, job training, and nutritional assistance.

**Education**
Unmet educational needs within communities especially those that help children and youth achieve success in school and increase high school graduation rates. Based on last year’s application, the highest priority for funding will go to programs that have members exclusively serving in schools that received awards under the School Improvement Grants (SIG) program or are the lowest-performing, designated Turnaround Schools.

**Healthy Futures**
Unmet health needs within communities including access to health care, disease
prevention and health promotion initiatives, and health literacy or reducing and/or preventing drug and opioid abuse.

**Veterans and Military Families**
Unmet needs of veterans, members of the Armed Forces who are on active duty, and family members of deployed military personnel and engaging veterans in service.

**Faith-Based Organizations**
No NOFO Priority Area

**CNCS National Performance Measures**
CNCS has implemented national performances measures in order to better demonstrate impact in these areas. Programs are not required to fall into the above focus areas. However, CNCS will give priority to programs within these areas and to programs that opt into at least one national performance measure.

**Performance Measure Instructions**

**MSA FOCUS AREAS**

MSA is interested in programs that provide effective solutions to address community needs, offer meaningful AmeriCorps member experiences, generate community volunteers, and demonstrate significant community impact. In addition, MSA's Board of Directors is particularly interested in seeing applications that respond to the following area:

MSA is committed to maintaining geographic, demographic, and programmatic diversity within the AmeriCorps portfolio. A list of current MSA AmeriCorps programs can be found on the MSA website.

**PROGRAM REQUIREMENTS**

**Eligible Applicants**
The following entities are eligible to apply for, implement, and operate an AmeriCorps program in Massachusetts: a nonprofit organization; an institution of higher education; a state agency; a community or faith-based organization; a subdivision of the state including cities, counties, and municipalities; or a partnership of any of the above entities.

All MSA AmeriCorps programs must operate solely in Massachusetts, and all member service activities must take place in-state.

**Types of Grants**
MSA is accepting applications for two types of AmeriCorps grants:

**Operating Grants**
MSA funds operating grants that support fully developed plans to establish a Massachusetts AmeriCorps program or to support, expand, or replicate an existing program. Grant awards are renewed annually for a total of three years subject to annual review and availability of federal appropriations. Programs seeking funding beyond three
years must reapply as a recompeting applicant. The maximum award amount a program can request for an operating grant is $15,479 per Member Service Year (MSY). Note: For the past three program years, CNCS strongly suggested and favored a lower cost per MSY despite the published maximum rate of $15,479, and in many cases negotiated a lower rate than applicants budgeted. Programs should be prepared to adjust their budgets if a different level is requested.

In some cases, MSA may offer a returning applicant the opportunity to be considered for a fixed-amount grant. Applicants applying for a fixed amount grant are allowed to request the same cost per MSY as operating grants. Organizations that would like to be considered for a fixed amount grant must complete the full budget as part of the Concept Paper application process.

Program Size
Applicants must apply for a minimum of 10 full-time members (10 Member Service Years, or MSYs) or the equivalent number of part-time members. Applications requesting fewer than 10 MSYs will not be reviewed. AmeriCorps programs should be large enough to make a significant difference in communities; therefore, MSA strongly encourages applicants to request a minimum of 15-20 MSYs regardless of whether members serve individually or in teams. A chart to calculate MSYs is included in Appendix B.

Grant Size
Grant requests may vary in size depending on the type and scope of a proposed program. Applicants are allowed flexibility in developing their budgets within certain limitations. The maximum cost per MSY (full-time equivalent member) is $15,479.

Grant and Program Operating Period
AmeriCorps funding is provided as a 12-month grant, with the option for renewing two times (three years total) before a program must reapply as new. The program may operate for fewer than 12 months but must fall within the 12-month grant period. Because notification of award is not made until June, programs must select a grant start date on or after August 1, 2020 to ensure sufficient time between grant award and program implementation. New programs are encouraged to select a grant date on or after August 1.

Planning Grants
MSA will award up to $75,000 under this initiative to nonprofit organizations, cities, towns, states, faith-based or any partnership thereof that does not currently receive AmeriCorps State funding from MSA, to support the development of new programming in Massachusetts. MSA encourages organizations to include the cost for a staff person who will be the primary contact during the entire planning grant period and will ideally transition to a full-time program director role, if the program gets selected for AmeriCorps funding. At a minimum, MSA expects the organization to hire a full-time program director to manage the AmeriCorps program before the end of the planning grant period. The matching requirement for the planning grant is set at 24%. Match may be cash and/or in-kind.

The duration of this grant is from August 1, 2020 to July 31, 2021. Organizations that receive funding will be required to work with MSA for the duration of the grant in developing their program design and proposal submitted for this initiative. Additionally, the grantee will be required to identify one point-person for the project.
Grantees who successfully complete their planning grant deliverables will be better prepared to apply for an implementation grant as well as operate an AmeriCorps program, once funded. The final deliverable of the one-year planning grant funding would be to submit an application for AmeriCorps funding during the planning grant period.

Closeout of the grant includes a 2-page (double-spaced, 12pt font) report of lessons learned during the planning and demonstration grant process and a final Financial Status Report.

Organizations applying for the planning grants initiative must:
1. Follow Planning Grants Application Instructions (p.16-18)
2. Create an aligned Performance Measurement Logic Model Worksheet (Appendix A-1) and performance measure (Appendix A-2) and
3. Complete detailed Budget Summary and Budget Narrative Forms (See Appendix B)

**Dun and Bradstreet University Numbering System (DUNS) Number and System for Award Management System (SAM)**

Applications entered into eGrants must include a DUNS number and an Employer Identification Number. The DUNS number does not replace an Employer Identification Number. DUNS numbers may be obtained at no cost by calling the DUNS number request line at (866) 705-5711 or by applying online: DUNS Request Service. CNCS recommends registering at least 30 days before the application due date.

After obtaining a DUNS number, all applicants must register with the System for Award Management (SAM) and maintain an active SAM registration until the application process is complete and, if a grant is awarded, throughout the life of the award. SAM registration must be renewed annually. MSA suggests finalizing a new registration or renewing an existing one at least two weeks before the application deadline to allow time to resolve any issues that may arise. Applicants must use their SAM-registered legal name and address on all grant applications to MSA.

Applicants that do not comply with these requirements may become ineligible to receive an award.
2020-2021 AMERICORPS GRANTS PROCESS

MSA suggests that applicants take the AmeriCorps Regulations and Terms and Conditions into consideration when planning the program and preparing the application. These documents are available at the links below: Click [here](#) for AmeriCorps Regulations Click [here](#) for AmeriCorps Terms and Conditions.

MSA uses a multi-step application process. This process includes:

1. Submitting an Application - The purpose of the Application is to allow applicants the opportunity to present their proposed program, its potential community impact, and their organizational capacity to manage an AmeriCorps Program. *Note: This set of instructions applies to the Concept Paper only.*

2. MSA Staff and Board Review

3. Invitation to submit a full application - Full application proposal and process will include:
   - Editing and clarifying program details for Corporation for National and Community Service (CNCS) compliance.
   - Entering the application into eGrants, the electronic grants management system used by CNCS. Technical assistance is provided by MSA staff for this process.

4. MSA Board Review of Full Applications for Formula Award & submission to CNCS for award

Formula funds are awarded to programs by MSA. Formula funds are given to MSA based on the federal allocation for AmeriCorps and Massachusetts' population. The amount of funds MSA has available to award each year to new and re-applying programs depends on the allocation from CNCS and the number of formula-funded programs in continuation (year one or two of the three-year grant cycle).

Please note:

1. Submission of an application does not always result in an invitation to submit a full application.
2. An invitation to submit a full application does not guarantee submission to CNCS.
3. An invitation to submit a full application does not guarantee funding.
4. Funding for this grant is contingent on appropriation of funding from the Massachusetts State Legislature and CNCS.

Special Instructions:

1. CNCS requires that AmeriCorps programs receiving over $500,000 conduct an independent evaluation of their program. All other AmeriCorps programs must conduct an internal evaluation. First time applicants need to provide only data collection plan and all recompeting programs are required to provide the full evaluation plan. Please visit [http://www.nationalservice.gov/resources/evaluation/planning-evaluation](http://www.nationalservice.gov/resources/evaluation/planning-evaluation) for more information.

2. For organizations that are proposing a tutoring program, AmeriCorps Regulations define the minimum requirements that a member must meet in order to qualify as a tutor. See 45 C.F.R. §§2522.900-2522.930 for more information.

3. Under the Serve America Act, State Competitive and National Direct applicants are considered in the same review process. Therefore, organizations applying for both state
and national direct funding must demonstrate that the two applications are not supporting the same project.  
a) CNCS will consider two projects to be the same if CNCS cannot identify a meaningful difference between the two projects based on a comparison of the following characteristics, among others:
  i) The objectives and priorities of the projects;  
  ii) The nature of the services provided;  
  iii) The program staff, participants, and volunteers involved;  
  iv) The geographic locations in which the services are provided;  
  v) The populations served; and  
  vi) The proposed community partnerships.

MSA has the ability to further define these characteristics to ensure diversity among AmeriCorps programs in Massachusetts.

*If the program is not focused on CNCS’ focus area, omit this sentence.

I. Program Narrative (Please adhere to character limits of each section.)

Your narrative should cover the three-year program period for which you are requesting funds and should include:

A. Program Design

The following sections include elements that will contribute to your successful response to the criteria as articulated in the AmeriCorps Regulations. Although they are closely based on the criteria articulated in the AmeriCorps Regulations, they are not to be confused with the criteria themselves. The criteria can be found in AmeriCorps Regulations, 45 C.F.R. §§ 2522.420 – 2522.448. We strongly suggest that you review the Regulations as you plan your program design. Do not assume all sub-criteria are of equal value.

1. Theory of Change and Logic Model (8,000 character limit)

   a) Problem/Need: Describe the community needs the AmeriCorps members will be addressing. Provide information about the extent/severity of the need in the community or communities) where your proposed AmeriCorps members will serve and cite specific, relevant data such as unemployment rate as well as the poverty rate. Please be sure to use most recent and relevant data available to support the need and properly cite your sources.

      i) Describe how this need aligns with your organization’s mission.

      ii) If you are also applying for National Direct funding to support operating sites in Massachusetts, provide detail demonstrating that the proposed state program is not the same project as the National Direct.

   b) Intervention: Describe the proposed intervention/member activities including the roles of AmeriCorps members and (if applicable) the roles of leveraged volunteers.
i) The proposed intervention must align with the identified community need.
c) Describe how the proposed intervention/member activities will lead to the outcomes identified in your theory of change
d) Explain how the AmeriCorps members will produce significant and unique contributions to existing efforts to address the stated problem.
e) Ensure all elements of the logic model are aligned.

The logic model shall depict:

- A summary of the community problem outlined in the narrative.
- The inputs or resources that are necessary to deliver the intervention, including:
  - Number of locations or sites in which members will provide services.
  - Number of AmeriCorps members that will deliver the intervention.
- The core activities that define the intervention or program model that members will implement or deliver including:
  - The duration of the intervention (e.g., the total number of weeks, sessions or months of the intervention).
  - The dosage of the intervention (e.g., the number of hours per session or sessions per week.)
- The target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level).
- The measurable outputs that result from delivering the intervention (i.e. number of beneficiaries served.) Identify which National Performance Measures will be used as output indicators.
- Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur as a result of the intervention.

The logic model must be no more than three pages in length.

Programs may include short, medium, or long-term outcomes in the logic model. While performance measure outcomes should be consistent with the program’s theory of change, programs are not required to measure all outcomes that are included in the logic model. The Logic Model should identify which National Performance Measures will be used as outcome indicators.

Applicants with multiple interventions should complete one Logic Model chart that incorporates each intervention.

2. Evidence Base (5,000 character limit)

Applicants should provide evidence that their proposed intervention will lead to the outcomes identified in their theory of change. Applicants shall provide a description of the studies and evaluations conducted that provide evidence that the proposed intervention is effective for the proposed population and community need, and should describe how this evidence places them in one of the four evidence levels listed below. Applicants must fully describe how they meet the requirements of that
level, using results from studies and evaluations. Applicants are strongly encouraged to describe the evidence that supports the strongest evidence tier, and all relevant evidence presented must be included in this section. This section must include specific citations of studies and/or evaluation and research reports. Applicants classifying their evidence as Moderate or Strong will be required to submit up to two studies, evaluation reports, briefs, or peer-reviewed articles cited in this section as separate attachments to CNCS later in the process.

Listed below are the four-tiered evidence levels:

- **Pre-preliminary evidence** means the applicant presents evidence that it has collected quantitative or qualitative data from program staff, program participants, or beneficiaries that have been used for program improvement, performance measurement reporting, and/or tracking. An example could be gathering feedback from program participants following their receipt of the intervention.

- **Preliminary evidence** means the applicant presents an initial evidence base that can support conclusions about the program’s contribution to observed outcomes. The evidence base consists of at least one non-experimental study conducted on the proposed program (or another similar program that uses a comparable intervention). A study that demonstrates improvement in program beneficiaries over time on one or more intended outcomes OR an implementation (process evaluation) study used to learn and improve program operations would constitute preliminary evidence. Examples of research that meet the standards include: 1) outcome studies that track program beneficiaries through a service pipeline and measure beneficiaries’ responses at the end of the program; and 2) pre- and post-test research that determines whether beneficiaries have improved on an intended outcome.

- **Moderate evidence** means the applicant presents a reasonably developed evidence base that can support causal conclusions for the specific program proposed by the applicant with moderate confidence. The evidence base consists of one or more quasi experimental studies conducted on the proposed program (or another similar program that uses a comparable intervention) with positive findings on one or more intended outcomes OR two or more non-experimental studies conducted on the proposed program with positive findings on one or more intended outcomes OR one or more experimental studies of another relevant program that uses a similar intervention. Examples of research that meet the standard include: well-designed and well-implemented quasi-experimental studies that compare outcomes between the group receiving the intervention and a matched comparison group (i.e. a similar population that does not receive the intervention).

- **Strong evidence** means the applicant presents an evidence base that can support causal conclusions for the specific program proposed by the applicant with the highest level of confidence. This consists of one or more well-designed
and well-implemented experimental studies conducted on the proposed program with positive findings on one or more intended outcomes.

- In previous years the evidence tiers of successful AmeriCorps State and National applicants that were competing were as follows: Strong below 10%, Moderate around 5%, Preliminary around 40%, and Pre-Preliminary around 46%. As these figures indicate, CNCS values and funds programs at all points along the evidence continuum and expects programs to progress along the evidence continuum over time. Thus, do not be deterred from applying for funding due to your current evidence level.

3. **Notice Priority (300 character limit)**
   Describe how the program fits within one or more of the AmeriCorps funding priorities described in the Funding Priorities section.

4. **Member Experience (2,000 character limit)**
   a) Describe how AmeriCorps members will gain skills and experience as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed.
   b) Describe how AmeriCorps members will have access to meaningful service experiences and opportunities for reflection.
   c) Describe what opportunities AmeriCorps members will have to establish connections with each other and the broader National Service network and to build esprit de corps.
   d) Explain how your program will recruit AmeriCorps members from the communities in which the programs operate.

B. Organizational Capability

1. **Organizational Background and Staffing (4,000 character limit)**
   a) Describe how the organization has the experience, staffing, and management structure to plan and implement the proposed program.
   b) Describe the organization’s prior experience administering AmeriCorps grants or other federal funds.
   c) Please describe how the organization has sufficiently engaged community members and partner organizations in planning and implementing the program’s intervention. Please limit your response to focus only on the staff and structures involved in implementing the proposed program.

2. **Compliance and Accountability (3,000 character limit)**
   a) How will the organization ensure compliance with AmeriCorps rules and regulations including those related to prohibited activities at the grantee and, if applicable, subgrantee and service site locations?
   b) How will the organization prevent and detect compliance issues?
c) How will the organization hold itself and, if applicable, subgrantees and service site locations accountable if instances of risk or noncompliance are identified?

3. Culture That Values Learning (2,000 character limit)
   a) Describe how the applicants board, management, and staff collect and use information, including performance data, for learning and decision making.

4. Member Supervision (2,500 character limit)
   a) Describe a member supervision plan that ensures members will receive adequate support and guidance throughout their terms of service, including planned frequency and structure (such as 1:1 or group), being sure to identify who will supervise the AmeriCorps members.
   b) Explain how program staff will monitor service sites regularly throughout the year to ensure that members are engaged in appropriate service and to manage the site partner relationship.
   c) For scattered site models:
      i) Explain how site staff will be oriented and trained to supervise members.
      ii) Describe how they will ensure that members are appropriately supervised at sites and not engaged in prohibited activities (only engaged in allowable and appropriate activities).
      iii) How the staff will ensure that members will wear the AmeriCorps logo daily.
      iv) Describe the process used by program staff throughout the year to manage member service at scattered sites (i.e., regular meetings, phone calls, checks-ins during the year; monthly site visits). How will program staff manage relationships with site partners? How will the communities where members serve know that they are AmeriCorps members?

C. Cost Effectiveness and Budget Adequacy
This criteria will be assessed based on the submitted budget. No narrative is required.

1. Budget must be submitted without mathematical errors and proposed costs must be allowable, reasonable, and allocable to the award.
2. Budget must be submitted with adequate information to assess how each line item is calculated.
3. Budget is in compliance with budget instructions.
4. Match must be submitted with adequate information to support the amount written in the budget.
5. The cost must be per MSY is equal to or less than the maximum cost per MSY.

D. Evaluation Summary or Plan (Current Grantees Recompeting for Funding Only)
   1. Evaluation Summary or Plan (3,000 character limit)
a) For Applicants recompeting for the first time: Please describe your evaluation plan or evaluation summary (if applicable). See note below on what it must include.

b) For Applicants recompeting for Subsequent Funding: Describe your evaluation report and summarize its findings. Additionally, describe an evaluation plan for the next three-year period.

c) Evaluation plans must include the following:
   i) A description of the theory of change, or why the proposed intervention is expected to produce the proposed results
   ii) Clear and measurable outcomes that are aligned with the theory of change and will be assessed during the evaluation
   iii) Concrete research questions (or hypothesis) that are clearly connected to the outcomes
   iv) A proposed research design for the evaluation
   v) Qualification needed for the evaluator
   vi) The estimated budget

For more information about evaluation plans visit the CNCS Knowledge Network’s Evaluation Resources: http://www.nationalservice.gov/resources/evaluation/planning-evaluation

The evaluation requirements differ depending on the amount of your grant, as described in 45 CFR § 2522.710:

- If you are a State and/or National Grantee (other than an Education Award Program grantee), and your average annual CNCS program grant is $500,000 or more, you must arrange for an external evaluation of your program, and you must submit the evaluation with any subsequent application to CNCS for competitive funds as required in §2522.730 of this subpart.

- If you are a State and/or National Grantee whose average annual CNCS program grant is less than $500,000, or an Education Award Program Grantee, you must conduct an internal or an external evaluation of your program, and you must submit the evaluation with any subsequent application to CNCS for competitive funds as required in §2522.730 of this subpart.

- A program will be considered a recompeting application if it satisfies the CNCS definition of “same project” and has been funded competitively for at least one complete three-year cycle. If the project satisfies the definition of same project and the applicant has completed one three-year cycle, it will be required to submit an evaluation plan. If the project satisfied the definition of same project and the applicant has completed two or more three-year cycles, the applicant will be required to submit an evaluation report as well as an evaluation plan. If the project does not satisfy the definition of recompeting, it will not be required to submit an evaluation plan or completed report.

The [Name of the organization] proposes to develop an AmeriCorps program serving in [the location(s) the AmeriCorps program will serve] that will focus on the CNCS focus area(s) of [Focus Area(s)]. The CNCS investment of $[amount of request] will be matched with $[amount of projected match], $[amount of local, state, tribal, and federal funds] in public funding and $[amount of non-governmental funds] in private funding. No AmeriCorps members will be needed to execute this plan.

I. Program Narrative (Please adhere to character limits of each section.)

Each application must clearly describe a plan for developing a project that will effectively deploy AmeriCorps members to solve a significant community problem.

A. Rationale and Approach (10,000 character limit)

1. Describe the need you intend to address with your AmeriCorps program.
2. Clearly describe a plan to design an AmeriCorps program to use AmeriCorps members to solve an identified community problem.
3. Provide a well-developed timeline for planning activities.
4. Describe how the planning period will be used to develop the necessary components to effectively manage an AmeriCorps program in the future.

B. Organizational Capability (7,000 character limit)

1. Organizational Background and Staffing
   a) The applicant has the experience, staffing, and management structure to plan the proposed program.
   b) The applicant has prior experience in the proposed area of programming.
   c) The applicant has prior federal grant experience.

II. Performance Measures (required of operating grant applicants only)

Create an aligned Performance Measurement Logic Model Worksheet (Appendix A-1) and performance measure using the performance measurement worksheet (Appendix A-2). All performance measures must reflect significant program activities whose outputs and outcomes are consistent with the applicant’s core theory of change.

Applications may also include National Performance Measure outputs without associated outcome(s) provided that the output measures a significant program activity. These output-only measures do not fulfill the requirement for an aligned performance measure, but may be selected in addition to the aligned measure(s).
All performance measures, including output-only measures, must be associated with one or more interventions (service activities).

CNCS has implemented national performances measures in order to better demonstrate impact in identified focus areas (Capacity Building, Disaster Services, Economic Opportunity, Education, Environmental Stewardship, Healthy Futures, and Veterans and Military Families).

Programs within the Education priority area are required to utilize national measures. Programs within other priority areas are not required to utilize national measures, but CNCS has indicated that priority will be given to programs that opt into at least one national measure.

Utilization of national measures will not be evaluated as part of the application review, but it will be a criterion used in evaluating full applications. MSA will provide technical assistance on performance measures to programs invited to submit a full application.

You may also find the Performance Measurement Toolkit on the Corporation's website to be helpful in creating your performance measures. This information may be accessed at http://www.nationalservice.gov/resources/performance-measurement/americorps.

III. Budget – Operating Grants and Planning Grants

A. Operating Grants: Follow the instructions in Appendix B to prepare your detailed budget in the same order as the Budget Worksheet. As you prepare your budget please consider the following:

- All of the amounts you request must be defined for a particular purpose. Do not include “miscellaneous,” “contingency,” or other undefined budget amounts.
- Do not include unallowable expenses, e.g., entertainment costs (which include food and beverage costs) unless they are justified as an essential component of an activity being budgeted.
- Do not include fractional amounts (cents).
- Refer to the AmeriCorps Regulations and relevant Office of Management and Budget (OMB) Circulars on allowable costs for further guidance.
- The full Regulations are available online at https://www.whitehouse.gov/omb/information-for-agencies/circulars/.

Your proposed budget should only reflect costs associated with the first year of the three-year grant cycle and should be sufficient to allow you to perform the tasks
described in your proposal narrative.

B. **Planning Grants**: Follow the instructions in Appendix B to prepare your budget request using the form provided. As you prepare your budget please consider the following:

- All of the amounts you request must be defined for a particular purpose. Do not include “miscellaneous,” “contingency,” or other undefined budget amounts.
- Do not include unallowable expenses, e.g., entertainment costs (which include food and beverage costs) unless they are justified as an essential component of an activity being budgeted.
- Do not include fractional amounts (cents).
- Refer to the AmeriCorps Regulations and relevant Office of Management and Budget (OMB) Circulars on allowable costs for further guidance.
- The full Regulations are available online at [https://www.whitehouse.gov/omb/information-for-agencies/circulars/](https://www.whitehouse.gov/omb/information-for-agencies/circulars/).

Your proposed budget should only reflect costs associated with the one-year planning process and should be sufficient to allow you to perform the tasks described in your proposal narrative.

APPENDIX B: Budget Instructions
Required of Operating and Planning Grant Applicants

Note: Planning grant applicants may not engage AmeriCorps members; therefore, any costs associated with members are not allowable.

How to Begin
Your detailed budget narrative must provide a full explanation of the proposed costs including their purpose, justification, and the basis of your calculations. Where appropriate, your calculations should be presented in an equation format, e.g., Two (2) staff traveling @ $350/trip for 2 trips = $1400; or Salary $60,000 @ 20% devoted to program = $12,000.

Overview of Key Statutory and Regulatory Budget Requirements
- Equipment costs must not exceed 10% of the total Corporation share.
- Administrative costs must not exceed 5% of the total Corporation funds requested.
- You may match with cash or in-kind contributions. The acceptable sources of matching funds are federal, state, local, private sector, and/or other funds in accordance with applicable AmeriCorps requirements.

Note: Most federal funds are not authorized to be used as match for another federal grant. While the Corporation’s legislation permits the use of non-Corporation federal funds as match for the grantee share of the budget for operating and administrative costs, the determining factor is the other federal agency. You must ensure that your use of another federal agency’s funds as match for this national service program grant is permitted by the other agency.

- In the budget worksheet, you should clearly and specifically identify the source and total dollar amount of cash match from private, state and local, and federal funds, and the source and total amounts of in-kind support. All acronyms should be defined the first time they are used to reference non-Corporation programs and sources.
- Grantees are required to meet an overall matching rate that increases over time (see chart below). These matching requirements may be waived in limited circumstances (described in chart below at “Minimum Overall Share (Alternative)”. See 45 C.F.R. §§ 2521.35 – 2521.90 for the regulatory match and waiver requirements.

**Consistency of Treatment**

For any cost to be allowable under a grant award based on an application for AmeriCorps program funding, the cost must be accorded consistent treatment using policies and procedures that apply uniformly to both the federal grant funded activities and to all other activities of the applicant.

**Calculating the Corporation Cost per Member Service Year (MSY) – For operating grant applicants only**

An important factor in consideration of the proposed budget is the Corporation cost per MSY. One Member Service Year is equivalent to 1,700 hours of service. You may calculate your Corporation cost per MSY by dividing the Corporation’s share of budgeted grant costs by the number of Member Service Years you are requesting in your grant. You do not include child care or the cost of the education award a member may earn through serving with your program. The maximum cost per MSY that MSA will currently allow is $15,479. If this figure is changed by CNCS, MSA will allow and/or require a similar adjustment during the full application process.

**TOTAL MSYs Requested** = __________

**Budget Section I. Program Operating Cost**

Complete Section I, Program Operating Costs, of the Budget Worksheet by entering the “Total Amount,” “CNCS Share,” and “Grantee Share” for Parts A-J, as follows:

**A. Personnel Expenses**

List each staff position separately and provide salary and percentage of effort as percentage of FTE devoted to this award. Each staff person’s role listed in the narrative must be listed in the budget as either Corporation or Grantee share.

**B. Personnel Fringe Benefits**

Identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include FICA, Worker’s Compensation, Retirement, SUTA, Health and Life Insurance, IRA, and 401K. You may provide a calculation or rate for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe benefit amount is over 30%, please list
separately. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates but rather are absorbed into the personnel expenses (salary) budget line item.

C. 1. Staff Travel
Describe the purpose for which program operating staff will travel. Provide a calculation to include costs for airfare, transportation, lodging, per diem, and other travel related expenses multiplied by the number of trips/staff. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information. The standard mileage reimbursement should not exceed the federal mileage rate. Only domestic travel is allowable.

For example: 2 staff to attend National Conference on Service and Volunteering. $300 airfare + $50 ground transportation + ($150 hotel x 3 nights) + ($35 per diem x 3 days) = $905 x 2 staff = $1,810.

C. 2. Member Travel
Describe the purpose for which members will travel. Provide a calculation to include costs for airfare, transportation, lodging, per diem, and other related expenses for members to travel outside their service location or between sites. Costs associated with local travel, such as bus passes to local sites, mileage reimbursement for use of car, etc., should be included in this budget category. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information.

D. Equipment
Equipment is defined as tangible, non-expendable personal property having a useful life of more than one year AND an acquisition cost of $5,000 or more per unit (including accessories, attachments, and modifications). Any items that do not meet this definition should be entered in E. Supplies below. Purchases of equipment are limited to 10% of the total Corporation funds requested. If applicable, show the unit cost and number of units you are requesting. Provide a brief justification for the purchase of the equipment.

E. Supplies
Include the amount of funds to purchase consumable supplies and materials, including member service gear and equipment that does not fit the definition above. You must individually list any single item costing $1,000 or more. Except for safety equipment, grantees may only charge the cost of member service gear to the federal share if it includes the AmeriCorps logo. Grantees may add the AmeriCorps logo to their own local program uniform items using federal funds. All safety gear may be charged to the federal share, regardless of whether it includes the AmeriCorps logo. All other service gear must be purchased with non-CNCS funds.

F. Contractual and Consultant Services
Include costs for consultants related to the project’s operations, except training or evaluation consultants, who will be listed in Sections G. and H., below.

G. 1. Staff Training
Include the costs associated with training staff on project requirements and training to enhance the skills staff need for effective project implementation, i.e., project or financial
management, team building, etc. If using a consultant(s) for training, indicate the estimated daily rate.

G. 2. Member Training
Include the costs associated with member training to support them in carrying out their service activities, for example, orientation, project-specific skills such as age-appropriate tutoring strategies, CPR, or ecosystems and the environment. You may also use this section to request funds to support training in “Life After AmeriCorps.” If using a consultant(s) for training, indicate the estimated daily rate.

H. Evaluation
Include costs for project evaluation activities including additional staff time or subcontracts you did not budget under Section I. A. (Personnel Expenses), use of evaluation consultants, purchase of instrumentation and other costs specifically for this activity. This cost does not include the daily/weekly gathering of data to assess progress toward meeting performance measures, but is a larger assessment of the impact your project is having on the community, as well as an assessment of the overall systems and project design. Indicate daily rates of consultants, where applicable.

I. Other Operating Costs
Allowable costs in this budget category should include when applicable:

- Criminal history background checks for all members and all employees who receive payment from the grant (federal or non-federal share). This includes performing the state check and the National Sex Offender check using Truescreen and using Fieldprint for performing the FBI check. Truescreen and Fieldprint are the two designated vendors for 2020-2021 program year for member and staff background checks.
- Office space rental for projects operating without an approved indirect cost rate agreement that covers office space. If space is budgeted and it is shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects. (For national office space, rental may be unallowable; applicants should refer to relevant OMB Circulars.)
- Utilities, telephone, internet and similar expenses that are specifically used for AmeriCorps members and AmeriCorps project staff and are not part of the organizations indirect cost/administrative cost allocation pool.
- Recognition costs for members. List each item and provide a justification in the budget narrative. Gifts and/or food in an entertainment/event setting are not allowable costs.

Budget Section II. Member Costs
Member Costs are identified as “Living Allowance” and “Member Support Costs.”

A. Living Allowance
The narrative should clearly identify the number of members you are supporting by category (i.e., full-time, half-time, reduced half-time, quarter-time, minimum-time) and the amount of living allowance they will receive. Please refer to the chart below for minimum and maximum living allowance figures. Enter the total number of members you are requesting in each category. Enter the amount of the living allowance for each
type of member. Enter the number of members for which you are not requesting funds for a living allowance, but for which you request education awards.

The chart below will help you to determine the number of MSYs you are requesting and the maximum CNCS funds your program may request.

**B. Member Support Costs**

Consistent with the laws of Massachusetts, you must provide members with the benefits described below.

- **FICA**: All projects must pay FICA for any member receiving a living allowance, even when the Corporation does not supply the living allowance, unless exempted by the IRS with accompanying documentation. In this case, this fact should be noted in the narrative and the applicant must be able to provide documentation to MSA with the full application. In the first column next to FICA, indicate the number of members who will receive FICA. Calculate the FICA at 7.65% of the total amount of the living allowance.

- **Worker's Compensation**

- **Health Care**: You must offer health care benefits to full-time members in accordance with AmeriCorps requirements. Except as stated below you may not pay health care benefits to less-than-full-time members with Corporation funds. You may choose to provide health care benefits to less-than-full-time members from other sources (i.e., non-federal). Less-than-full-time members who are serving in a full-time capacity for a sustained period of six weeks or more (such as a full-time summer project) are eligible for health care benefits. In your budget narrative, indicate the number of members who will receive health care benefits. The Corporation will not pay for dependent coverage.

- **Unemployment Insurance and Other Member Support Costs**: Include any other required member support costs here. Some states require unemployment coverage for their AmeriCorps members. You may not charge the cost of unemployment insurance taxes to the Grant unless mandated by state law.

Note: Members are not eligible for unemployment and paid family and medical leave (PFML) benefits in Massachusetts; therefore, applicants may not include unemployment insurance and PFML costs for members.

**Budget Section III. Administrative/Indirect Costs**

1. **Definitions**

Administrative costs are general or centralized expenses of the overall administration of
an organization that receives Corporation funds and do not include particular project costs. For organizations that have an established indirect cost rate for federal awards, administrative costs are those costs that are included in the organization's indirect cost rate agreement. Such costs are generally identified with the organization’s overall operation and are further described in Office of Management and Budget Circulars A-21, A-87, and A-122.

Administrative costs include:

- Costs for financial, accounting, auditing, contracting or general legal services, except in unusual cases whether they are specifically approved in writing by the Corporation as project costs.
- Costs for internal evaluation, including overall organization's management improvement costs (except for independent and internal evaluations of the project evaluations that are specifically related to creative methods of quality improvement).
- Costs for general liability insurance that protects the organization(s) responsible for operating a project, other than insurance costs solely attributable to the project.
- Costs of space, base utilities, and communication (telephone, fax, and Internet) that support administrative personnel.
- Administrative costs may also include that portion of salaries and benefits of the project’s director and other administrative staff not attributable to the time spent in support of a specific project. The principles that pertain to the allocation and documentation of personnel costs are stated in the OMB circulars that are incorporated in Corporation regulations [45 CFR 2541.220(b)].

Administrative costs do not include the following allowable expenses directly related to a project (including their operations and objectives), such as:

- Allowable direct charges for members, including living allowances, insurance payments made on behalf of members, training, and travel.
- Costs for staff (including salary, benefits, training, and travel) who recruit, train, place, or supervise members or who develop materials used in such activities, if the purpose is for a specific project objective.
- Costs for independent evaluations and any internal evaluations of the project that are related specifically to creative methods of quality improvement.
- Costs, excluding those already covered in an organization’s indirect cost rate, attributable to staff that work in a direct project support, operational, or oversight capacity, including, but not limited to: support staff whose functions directly support project activities; staff who coordinate and facilitate single or multi-site project activities; and staff who review, disseminate, and implement Corporation guidance and policies directly relating to a project.
- Space, facility, and communications costs allocated specifically to AmeriCorps project operations, excluding those costs that are already covered by an organization’s indirect costs rate.
- Other allowable costs, excluding those costs that are already covered by an organization’s indirect cost rate, specifically approved by the Corporation as directly attributable to a project.

2. Options for Calculating Administrative/Indirect Costs
Applicants choose one of two methods to calculate allowable administrative costs – a Corporation fixed percentage method or a federally approved indirect cost rate method. Regardless of the option chosen, the Corporation’s share of administrative costs is limited by statute to 5% of the total Corporation funds expended under this grant.

a) Corporation Fixed Percentage Method

The Corporation fixed rate allows you to charge administrative costs up to a cap without a federally approved indirect cost rate and without documentation supporting the allocation. If you choose the Corporation Fixed Percentage Method (Section III.A.) you may charge, for administrative costs, a fixed 5% of the total of the Corporation funds expended. In order to charge this fixed 5%, the grantee match for administrative costs may not exceed 10% of all direct cost expenditures.

Applicants using this method may calculate these figures in the following way:

- **Corporation Share**: Multiply the sum of the Corporation funding shares of Sections I and II by 0.0526. This is the maximum amount you can request as Corporation share. Enter this amount as the Corporation share for Section III A.

- **Grantee Share**: Then multiply the total (both Corporation and grantee share) of Sections I and II by 10% (0.10) and enter this amount as the grantee share for Section III A.

- **Sum**: Enter the sum of the Corporation and grantee shares under Total Amount.

b) Federally Approved Indirect Cost Rate Method

If you have a Federally Approved Indirect Cost (IDC) rate and choose to use it, the IDC rate will constitute documentation of your administrative costs including the 5% maximum payable by the Corporation. Specify the Cost Type for which your organization has current documentation on file, i.e., Provisional, Predetermined, Fixed, or Final indirect cost rate. Supply your approved IDC rate (percentage) and, importantly, the base upon which this rate is calculated (direct salaries, salaries and fringe benefits, etc.). It is at your discretion whether to claim your entire IDC rate to calculate administrative costs. If you choose to claim a lower rate, please include this rate under the Rate Claimed field. Applicants who are choosing to use a federally approved indirect cost rate amount in their budget will need to submit the current approved indirect cost rate agreement with their full application later in the process.

Applicants using this method may calculate these figures in the following way:

- **Total**: Determine the base amount of direct costs to which you will apply the IDC rate, including both the Corporation and Grantee’s shares, as prescribed by your established rate agreement (i.e., based on salaries and benefits, total direct costs, or other). Then multiply the appropriate direct costs by the rate being claimed. This will determine the total amount of indirect costs allowable under the grant.

- **Corporation Share**: Multiply the sum of the Corporation funding share in Sections I and II by 0.0526. This is the maximum amount you can claim as the Corporation share of indirect costs.

- **Grantee Share**: Subtract the amount calculated in step b (the Corporation administrative share) from the amount calculated in step a (the Indirect Cost total). This is the amount the applicant can claim as grantee share for administrative costs.

**REQUIRED: State Commission 2% Set-Aside**

Regardless of the method used to calculate administrative costs, the Massachusetts
Service Alliance will set aside a portion of the Corporation share to use in administering its subgrantees including both operating programs and planning grants. This amount must not exceed a two-fifth share of the maximum 5% Corporation share (i.e., allocating 2% as set aside for administering subgrantees and the remaining 3% for other administrative costs). When using this option, the subgrantee’s portion must not exceed the remaining 3% portion of the maximum Corporation share. Both the commission and subgrantee portions of the Corporation share of administrative costs should be requested in the subgrantee’s budget.

Applicants should calculate the Commission 2% Set-Aside in the following way:

- \((\text{Section I} + \text{[Section II]} \times 0.0526) \times 0.40 = \text{Commission Share}\)
- \((\text{Section I} + \text{[Section II]} \times 0.0526) \times 0.60 = \text{Grantee Share}\)

**Source of Match**

Within this box, enter the total amount of cash and in-kind match under columns for “Private,” “State and/or local,” and “Federal.” Then, for each amount entered, identify the source of the matching funds or in-kind contributions by entering text under “Sources.” Be sure to define any non-Corporation acronyms the first time they are used.

**Increasing Grantee Overall Share of Total Budgeted Costs**

Grantees are required to meet an overall matching rate that increases over time. You have the flexibility to meet the overall match requirements in any of the three budget areas, as long as the minimum match of 24% for the first three years, and the increasing minimums in years thereafter, are maintained. These matching requirements may be waived in limited circumstances. See 45 C.F.R. §§ 2521.35 – 2521.95 for the specific regulatory match and waiver requirements.

Instructions

By signing and submitting this application, as the duly authorized representative of the applicant, you certify that the applicant will comply with the Assurances and Certifications described below.

a) Inability to certify
   Your inability to provide the assurances and certifications listed below will not necessarily result in denial of a grant. You must submit an explanation of why you cannot do so. We will consider your explanation in determining whether to enter into this transaction. However, your failure to furnish an explanation will disqualify your application.

b) Erroneous certification or assurance
   The assurances and certifications are material representations of fact upon which we rely in determining whether to enter into this transaction. If we later determine that you knowingly submitted an erroneous certification or assurance, in addition to other remedies available to the federal government, we may terminate this transaction for cause or default.

c) Notice of error in certification or assurance
   You must provide immediate written notice to us if at any time you learn that a certification or assurance was erroneous when submitted or has become erroneous because of changed circumstances.

d) Definitions
   The terms “covered transaction”, “debarred”, “suspended”, “ineligible”, “lower tier covered transaction”, “participant”, “person”, “primary covered transaction”, “principal”, “proposal”, and “voluntarily excluded” as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. An applicant shall be considered a “prospective primary participant in a covered transaction” as defined in the rules implementing Executive Order 12549. You may contact us for assistance in obtaining a copy of those regulations.

e) Assurance requirement for subgrant agreements
   You agree by submitting this proposal that if we approve your application you shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by us.

f) Assurance inclusion in subgrant agreements
   You agree by submitting this proposal that you will obtain an assurance from prospective participants in all lower tier covered transactions and in all solicitations for lower tier covered transactions that the participants are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction.

g) Assurance of subgrant principals
   You may rely upon an assurance of a prospective participant in a lower-tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless you know that the assurance is erroneous. You may decide the method and frequency by which you determine the eligibility of your principals. You may, but are not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
h) Non-assurance in subgrant agreements
If you knowingly enter into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, we may terminate this transaction for cause or default.

i) Prudent person standard
Nothing contained in the aforementioned may be construed to require establishment of a system of records in order to render in good faith the assurances and certifications required. Your knowledge and information is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
